

Challenge. Technology. Opportunity.

**DALSA**

Our Company is built on employee mutual commitment and respect, enthusiasm and progress.

DALSA Corporation specializes in the manufacture, design, research and development of high performance CCD image sensors and modular expandable cameras. DALSA's products are used worldwide in machine vision, document scanning, image capture, surveillance, process monitoring, manufacturing inspection, medical imaging, and multi media. As part of our continuing growth in this high technology market, DALSA is recruiting for the following opening:

### **Vendor Quality Specialist**

We have an exciting opportunity for you to join our Materials Team in the role of a Vendor Quality Specialist. You will actively manage supplier corrective actions and support the Vendor Quality Manager in establishing root cause. We will rely on you to initiate solutions and follow up to verify the implementation of vendor quality actions. You will monitor progress through supplier meetings and regular communication. The analysis of yield data based on internal inspection activities and supplier actions is another key component of this position. With respect to FAI activity, you will provide feedback to suppliers based on FAI results and insure that actions at suppliers are appropriate and relevant.

The ideal candidate for this position will have 5-7 years experience in a quality role and will possess excellent knowledge of ISO standards. Training on ISO 13485 is an asset as is familiarity with business improvement methods, root cause analysis and statistical techniques. Preference will be given to candidates with experience in the high-tech industry.

Post secondary education from an accredited institution is required. This position requires limited travel, primarily within Ontario. Some training activities may take place outside of regular working hours.

**Please quote file number VQS0610 and include references with your resume**

DALSA offers competitive salary. Relocation assistance is also provided. DALSA is an Equal Opportunity Employer. Qualified applicants should apply to this position through our website at [www.dalsa.com](http://www.dalsa.com). No phone calls or agencies please. Only those applicants invited for an interview will be contacted. We thank everyone who applies.
