Event: BLUE BIRD – Presentation & Plant Tour

Blue Bird Corporation is one of the world's leading bus manufacturers, delivering thousands of school buses, commercial buses and recreational vehicles to the market each year. Founded in 1927, Blue Bird has nearly 3,000 employees and three facilities in two countries. Blue Bird has an extensive network of distributors and service parts facilities throughout North America. From the first school bus built by Blue Bird in 1927, the success of the company has been based on innovation and customer service.

Blue Bird Corporation is a fully owned subsidiary of [Henlys Group plc](#). Georgia based Blue Bird manufactures products for three distinct market segments; school, commercial and recreational. Corporate offices are located in Fort Valley, Georgia with three production facilities located in Fort Valley and LaFayette, Georgia, and Brantford, Ontario.
